

**Dental Practitioner Support is the first national 24/7 telephone and online service to support dental practitioner health and wellbeing in Australia. Our service is free, confidential and independent. Remember, good practice involves seeking support when you need it.**

Dental practitioners can call and speak to an experienced team ready to provide advice on a wide range of issues, including mental and physical health, workplace issues and general wellbeing.

Dental Practitioner Support is a Dental Board of Australia (DBA) initiative run independently by Turning Point, a leading addiction treatment, research and education organisation.

Dental Practitioner Support cannot:

- activate formal processes such as reporting complaints and/or concerns to the DBA or the Australian Health Practitioner Regulation Agency
- provide ongoing crisis management, case management or ongoing counselling treatment, or
- manage formal referrals or face-to-face services.

## Dental Practitioner Support

- Professional, anonymous, compassionate and flexible.
- Addresses health issues with insight into the dental practitioner's experience.
- Promotes support and understanding while normalising reaching out.
- Seek advice for yourself or someone else — family, friend, or colleague.
- Helps employers by providing information and support.
- Promotes safe practice and workforce retention.

## We are here when you need us

- Telephone support from experienced counsellors who will listen to your concerns and support you to take the next steps.
- Telephone consultations:
  - brief intervention counselling
  - referral to appropriate services.
- Interactive website with:
  - self-help resources
  - educational materials and information about your treatment options
  - information on your responsibilities if experiencing health-related issues affecting your work.

## Support for dental practitioners is only a phone call away.

We understand there might be times when you may need to talk to someone about your health or wellbeing.

When you need support, we're here to listen and can provide confidential advice and referral.

We provide support and care for all dental practitioners:

- dentists
- dental prosthetists
- oral health therapists
- dental hygienists
- dental therapists, and
- students.

Call us from anywhere in Australia,  
seven days a week.
